Internal Improvement Bonds issued during the

(CORPESPONDENCE.) STATE OF NORTH-CAROLINA, Treasury Department, Raleigh, March 16th, 1866. HON. SION H. ROGERS,

Attorney General: Sir :- The General Assembly, by an act ratified March 9th, 1866, directed the Public Treasurer to prepare and sell bonds for the purpose of paying due bonds and coupons on bonds "issued under acts passed prior to May 20th,

Classes of bonds authorized by acts passed prior to May 20th, 1861, were ssued since that date, in 1861 and 1862, as follows:

1. Bonds for the benefit of the Wil mington, Charlotte and Rutherford Rail 1858, chap. 168, and 1860, chap. 142, dated April 1st, 1861, but actually issued July 1st, 1861, and Dec. 5th, 1861, payable in New York.

By an ordinance of the Convention, ratified June 28th, 1861, the Public Treasurer was directed to sign and issue these bonds for work already done. 2. Bonds in aid of the Wilmington.

Charlotte and Rutherford Rail Road Company, authorized by an act of 1860, chap. 142, \$950,000, issued July 1st, 1862, principal and interest payable in Raleigh. I find no act or ordinance passed since May 20, 1861, in regard to this issue, until Dec. 1865, when the bonds remaining in the hands of the said Company on the 1st day of December, 1865, were ordered to be renewed, and to be made payable in "money of the United States," instead of "money of the Confederate States."

3, \$220,000 bonds for the benefit of the Western N. C. Railroad authorized by an act of 1854, chap. 228. By resolution of the General Assembly ratified Sep. 12th, 1861, the Governor was directed to instruct the Treasurer to

4. \$200,000 for the benefit of the Western Railroad Company, authorized by an act of 1860, chap. 137. The General Assembly by resolution ratified Aug. 24th, 1861, directed the Treasurer to issue said bonds.

There is another class of Internal Improvement bonds issued under the ordinance of the Convention ratified Jan. 30th, 1862, for the benefit of the Chatham Railroad Company.

Of the above bonds, class 2, 3 and 4 are payable in Raleigh, in "money of the Confederate States of America."-The coupons are not distinguishable from coupons of bonds issued under other acts passed during the war. They are payable in Raleigh in "dollars' without any qualification of that term. Doubts have arisen in regard to my

duties in carrying ont the provisions of the said act of March 9th, 1866, commonly called the Funding act.

1st. Is either, or are all, of the above classes included in the foregoing description of bonds issued under acts passed before May 20th, 1861? In deciding this question I ask your attention to the preamble, which recites facts appearing in the report of Hon. Jonathan Worth, late Treasurer, in which report the said classes are enumerated as standing on the same footing as ante-war bonds. The act of March 9th, 1866, passed the House of Commons in De-

cember, 1865. 2nd. Assuming the above classes are included, what is the duty of the Public Treasurer in deciding as to the identity of the coupons? As said before, the coupons of internal improvement bonds, where severed from the bonds, cannot be distinguished from coupons of other bonds issued during the war.

3. By an ordinance of the Convention, entitled "An ordinance declaring what laws and ordinances are in force, and for other purposes," "all executory contracts, solvable in money, whether under seal or not, made after the depreciation of said currency before the first day of May, eighteen hundred and sixty-five, and yet unfilled, (except official bonds and penal bonds payable to the State,) shall be deemed to have been made with the understanding that they were solvable in money of the

value of the said currency." By an act of the General Assembly ratified March 12th, 1866, a scale of de-

preciation is established. If you decide it is my duty to issue bonds for the coupons of the above classes, are they to be scaled, and if so, must the scaling be according to the WE HAVE JUST HAD PRINTED VARIOUS value at the time the bond was issued. or when the coupon was payable?

I will thank you for an early answer to the foregoing questions, as it is important that I should be informed as to my duty immediately.

Very respectfully, KEMP P. BATTLE, Public Treasurer.

RALEIGH, N. C., March 16th, '66.

KEMP P. BATTLE, Esq., Public Treasurer. Sir:-Your letter of this date, sub-

mitting to my consideration questions arising out of what is called the Funding Act passed at the late session of the General Assembly, is at hand. After stating the substance of the various acts and ordinances classifying the bonds, you ask: "Is either, or are

all, of the above classes included in the

foregoing description of bonds issued under acts passed before May 20th, I am of opinion that the first, second,

the acts of 1854, 1858 and 1860, and cannot in any sense be considered acts under which the bonds were authorized FOR SALE. to be issued. I therefore conclude that to be issued. I therefore conclude that it is your duty to issue bonds for the Steam Engine and S

coupons past due on these classes. Further, Iam of opinion, that the bonds issued in pursuance of an ordinance of the Convention, ratified June 28th, 1861, Norice. for the benefit of the Chatham Railroad Company, are not embraced in the de-scription of bonds intended by the act of Assembly ratified March 10th, 1866.

You ask, secondly, "what is the duty of the Public Treasurer in deciding as to the identity of the coupons?" As no rule has been provided by which you are to identify the coupons, and as they Government Build are similar in all respects to the cou-longing to the Uni pons of bonds issued under acts and ordinance passed after 20th May, 1861, I thinh it will be safe for you to fund only -those that are taken from the bonds in

your presence. Thirdly, you call my attention to an ordinance of the Convention declaring what laws and ordinances are in force, and for other purposes, and to the Act of Assembly ratified March 12th, 1866, establishing a scale of depreciation, and ask my opinion whether the coupons are to be scaled.

Looking at the history of the bill which I think, is proper to be considered in giving a construction to it, I am of the opinion, that the coupons canam of the opinion, that the coupons cannot be scaled. The bill ratified March 10th, 1866, was introduced, and passed the House of Commons in December, 1865, and the preamble refers to the report of the late Treasurer, Jonathan Worth, in which he places the four classes above spoken of upon the same footing precisely as the old sixes. It recites the estimates of the late Treasurer, including the four classes of coupons and the coupons of the old sixes, and and the coupons of the old sixes, and then makes provisions for the funding of all, without any direction as to the march 15-tf. of all, without any direction as to the scaling of any.

I am, with great respect, SION H. ROGERS, Attorney General.

TWO MEN SUFFOCATED IN A

BURNING WELL. The vicinity of the village of Leslieville, on the Kingston road, was the sence of intense excitement yesterday morning, occasioned by the suffocation of two human beings in a well, and the narraw escape of a third. It appears that a Mr. Brockwell, residing in the locality, had a well on his land which had run dry during the winter by the stopping of a spring in the bottom of the well, which gushed through a rock. As, therefore, there were but two or three feet of water in the well, which was forty-two feet deep, a man named Sears was hired to drill the rock, and Sears was hired to drill the rock, and thus open the spring. Operations were for \$1,000 cash, or \$1,200 in six months, with commenced early yesterday morning, and Mr. Sears at once proceeded to drill.

the rock. Mr. Sears had been working with the drill for a considerable time, when, the men not hearing from him, Mr. Brock did not show signs of moving, after a lapse of time, a third man was let down, but had only been lowered a few feet when he cried out, asking to be drawn up, as he was suffocating. By this time the whole inside of the well was a cloud of smoke, and the rushing of water could be distinctly heard, while a strong the undersigned.

TERMS—A credit of six months given, and bond smell of gas prevailed around the mouth of the well. Persons who were about it were startled, and for a moment could hardly make out the fearful state of affairs. A candle was then sent for, to enable them to see into the well; but while they were striking a match with in a few feet of the well, the gas took fire, and instantly the well was in flames. which spurted out eight or ten feet into the air. It continued to run in this manner for about three hours, without any

intermission. The well was then covered with planks and manure to try and extinguish the flames, but with no effect. Finally a bag of salt was poured in, and the flames ceased. On inspection it was found that the well was nearly filled with water, although a few hours before it was almost dry. Grappling irons were procured, and in a short time the bodies of the two men were recovered. The Court street steamer had previously to this been sent for, but the flames had been extinguished when it arrived .-During this time the water and gas had been bursting from the well, and the water bailed continously all yesterday afternoon. An inquest was held on the bodies, and a verdict to the effect that they died from inhaling poisonous gasses, returned. Sears and Brockwell have wives and families to mourn their

untimely end .- Toronto Globe. SINGULAR STORY .- An Ohio paper tells the following rather singular story: Four days after the rebels fired on Fort Sumter, a son of Mrs. Duncan, of Mecca, Ohio, enlisted for the war. He joined a Western regiment, and after being in several battles, was reported killed at the battle of Stone River .-His body was brought home and interred. Afterwards intelligence was brought to the parents by returned Union prisoners, that their son was not dead, but in a rebel prison in Georgia. Other prisoners returning from there last spring, brought the sad news of his death to the sorely distressed family .-When the war closed an opportunity was offered to penetrate the rebel lines. Mr. Duncan sent down and had his son (including drop letters,) except those addressed to heads of Executive departments of the government, or heads of Bureaus therein or to chief clerks of departments, or one authorized by the postmaster General to frank official matter, must be prepaid one full rate, or they will be sent to the dead letter office at Washington, D. C.

To Holders of Coupons of North-Carolina Bonds. DY ACT OF THE GENERAL ASSEMBLY Of North-Carolina, ratified March 10, 1866, I am directed to prepare and sell for not less than par, bonds of the State running thirty-four years, with Coupons bearing six per cent. interest, payable semi-annually, of the denomination of \$100, \$500, and \$1,000, principal and interest untaxable, for the purpose of paying coupons now due and to become due in 1866, and bonds due and to fall due in 1866. By authority vested in the Public Treasurer, I designate New York as the place of payment.

of payment.

Parties entitled, desirous of effecting the exchange authorized in said Act, will please communicate to me at once the amount and character of the securities which they wish to be funded, in order that I may know the number and denomination of the bonds which will be reconstructed. quired. After the engraver shall furnish the blanks, the bonds will be prepared for issue with little delay.

Under advice of the Attorney General,
Coupons of bonds issued since, but under acts
passed before May 20th, 1861, will be funded under the act of March 10th, 1863, provided their
identity is established, by being cut from the

bonds in my presence, a provision necessary on account of the similarity to other Coupons, issucd since May 20th, 1861. KEMP P. BATTLE, March 22-2-1w.
